

ASSEMBLY BILL

No. 446

**Introduced by Committee on Business and Professions (Correa
(Chair), Cedillo, Chavez, Koretz, Matthews, Nation, Shelley,
and Wesson)**

February 20, 2001

An act to amend Sections 2535.2, 2684, 2892.1, 2984, 3147, 3524, 4545, 4841.5, 4842.2, 4843.5, 4883, 4901, 5680.1, 7581, 7725.2, 7881, 8024.2, 9746, 9801, and 9833 of the Business and Professions Code, relating to professions and vocations, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

AB 446, as introduced, Committee on Business and Professions. Professions and vocations.

(1) Existing law provides for the licensure of persons in various professions and vocations and requires payment of a renewal fee upon the renewal of an expired license. Under existing law, these renewal fees are deposited into funds that are continuously appropriated.

This bill would require, instead, that all accrued and unpaid renewal fees be paid at the time of renewal of an expired license. Because this bill would increase the amount of renewal fees paid into a number of continuously appropriated funds, the bill would make an appropriation.

(2) Existing law establishes the Registered Veterinary Technician Examining Committee Fund.

This bill would change the name of that fund to the Registered Veterinary Technician Committee Fund.

(3) The Private Security Services Act authorizes the Director of Consumer Affairs to enforce and administer its provisions, and

authorizes the director to adopt and enforce reasonable rules in connection with this function, including establishing the qualifications a uniformed employee of a licensee who operates as a private patrol operator is required to meet as a condition of handling guide dogs.

This bill would delete this particular provision from the rules that the director is authorized to adopt and enforce.

(4) The Electronic and Appliance Repair Dealer Registration Law provides for the registration and regulation of service dealers, a business which includes the repairing, servicing, or maintaining of an electronic set. Under that law, an electronic set is defined as including various types of electronic equipment, including cellular telephones.

This bill would delete cellular telephones from the list of equipment included in the definition of an electronic set.

Vote: majority. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:
